

# Science Cycle A Y3/4

## Living Things and Their Habitats (Y4)

### Lesson 1

Can we design categories to group objects?

classify  
compare  
key

### Lesson 2

How can we group animals into two categories?

vertebrate  
invertebrate  
criteria

### Lesson 3

How can we use classification keys to identify and group animals?

dichotomous  
mammals  
amphibians

### Lesson 4

Can you identify and name a variety of living things our local environment?

species  
organism  
systematic

### Lesson 5

How does our local environment pose danger to living things?

habitat  
natural/  
man made  
disasters  
environment

### Lesson 6

Can you use the evidence to participate in a debate about environmental dangers?

evidence

Assessment

What will we be learning about over the coming weeks?
