

# Computing Cycle A Y3

## Data and information - Branching databases - Unit 3.4

### Lesson 1

How can yes/no answers be used to identify and compare objects?

attribute  
value  
table

### Lesson 2

How can we use yes/no answers to group objects more than once?

branching database  
equal  
even  
separate

### Lesson 3

How do we use an online database tool to arrange objects into a branching database?

questions  
objects

### Lesson 4

Why is it helpful for a data base to be well structured?

structure  
compare  
order  
organise

### Lesson 5

Can we 'plan' a branching database?

selecting

### Lesson 6

Can we 'create' our own branching database?

+  
Assessment  
decision tree

What will we be learning about over the coming weeks?
