

Design Technology Cycle B Y3 and 4

Digital World - Wearable Technology

Lesson 1

How can we research and evaluate existing products?

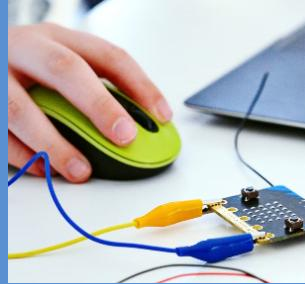

analyse

Lesson 2

How can we develop a design criteria?

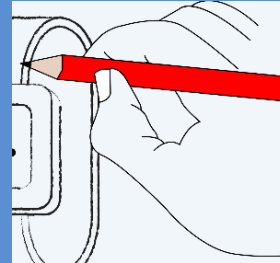

function

Lesson 3

How can we use code to program and control a product?

control

Lesson 4

How can we develop and communicate ideas?

annotate

Lesson 5

How can we develop ideas through computer-aided design?

Computer-aided design (CAD)

Lesson 6

Assessment

How can we improve a design based on feedback?

feedback

What will we be learning about over the coming weeks?
